Endorsement of the Shelter Services of International Assemblers, Inc.

With this letter, I wish to endorse Dick Crocker, President of International Assemblers and his shelter / subcontracting services. Dick has been working with Parque Industrial de Nogales for more than twelve years. He has brought top quality clients to our park such as W.L. Gore and Associates, Rain Bird, Corning-Gilbert, Lloyd Farms, CASCO-Silonex, MSI Orthotics and many others. Dick offers high quality, low cost manufacturing / warehousing solutions in shelter or subcontract formats.

His current project is the exclusive right to promote our building # 6 which is a 103,000 square foot Butler style building in our park. The building is very suitable for light industry, warehousing and administration.

Sincerely,

Antonio Garcia
Director of Operations
Parque Industrial de Nogales, S de R. L. de C.V.
